

Please remember that, with the exception of Michael's Dairy which is open for business every day from 12-8pm, our campus buildings are currently closed to visitors. This is a drive-through campus tour! Also, help us keep our community safe by bringing and wearing a face mask, practicing social distancing of 6 feet, washing your hands, and not visiting at this time if anyone in your party is not feeling well. Feel free to walk down to Mitchell Beach and snap a photo, but remember that Mitchell Beach is currently open only to registered Beach Pass Holders.

*Please be aware of state and regional travel advisories. For Connecticut travel advisories visit <https://portal.ct.gov/Coronavirus>.
