Allison Messier

"Learning and maintaining healthy technique is a lifelong journey; it is my goal to help students use their voices comfortably and with confidence. This includes working on breath connection, even tone production, phrasing, and the formation and placement of vowels and consonants. I am also committed to helping students work toward music literacy, and improve their skills in reading musical notation. All of these tools give the student a foundation upon which they can grow into the musical artist they aspire to be."
