

ADJUSTING OUR SAILS

Dear Mitchell College Community,

In less than a month we break for Thanksgiving and won't return to campus until the start of the spring semester. Let's use these few short weeks to continue working together to keep our community safe!

As the cases of COVID-19 continue to rise around us in New London and the surrounding area, protect yourself and others by following these protocols:

- **Wear a face covering/mask** everywhere on campus – indoors and out
- **Social distance at least 6 feet** everywhere on campus – indoors and out (Please do not congregate at tables in the dining hall.)
- **Do not leave campus** for non-essential reasons
- **Report your symptoms** to the CoVerified app
- **Remember, only students, faculty and staff should be on campus** at this time

As a reminder, **if you take a COVID test off campus**, submit your test result through the CoVerified app and/or contact Health and Wellness. This helps with effective contact tracing, keeping our community safe.

What about upcoming performing arts performances – like the Cabaret, Fall Play, Select Chorus or Dance/Cheer Showcase?

In alignment with current College travel and campus visit policies during the pandemic, families are asked not to attend performances in person and, instead, reserve a virtual seat for a livestream! Watch your inbox for more information.

Thank you for uniting as Mariners to keep our community safe!
