Dear Mitchell College and Thames at Mitchell students and families,

We want to take a moment to thank the Mitchell College community for all of your hard work and effort in keeping the community safe.

Recently, the Ledge Light Health District issued a warning that COVID-19 cases in the southeastern CT region have begun to increase dramatically. We were prepared for this, as students all across the region returned back to school.

In response, Mitchell College is launching a coordinated effort to keep the campus community safe.

To accomplish this, we must all individually step up and continue to do our part by:

- Wearing a face covering over your mouth and nose everywhere on campus
- Social distancing: keep 6 feet of space between you and others
- Tracking and recording your daily symptoms in the CoVerified app
- Reporting to the tent outside Yarnall for testing if randomly selected for COVID testing
- Staying home if you are sick
- Abiding by the current travel policy outlined below

In the event that your access to campus is restricted, or you are asked to self-quarantine or self-isolate, please refer to the following instructional documents:

[SELF-QUARANTINE
INSTRUCTIONS](#)

[SELF-ISOLATION
INSTRUCTIONS](#)

**All students should review and abide by
the current travel policy here:**

**Thank you for uniting as Mariners
to keep each other safe!**
