

ADJUSTING OUR SAILS

Dear Mitchell College Community,

The Connecticut Department of Health recently notified the City of New London that it is under the [Red Alert designation](#) for COVID-19, indicating a significant rise in cases.

Please continue to take extra precautions to keep our community safe:

- **Do not leave campus** for non-essential reasons
- **Do not travel out of town or state** if possible
- Continue to **wear a face covering/mask** anytime you leave your residence, including indoors and outdoors on campus
- **Social distance** at least 6 feet
- **Avoid indoor gatherings** that are not College-sponsored
- **Do not attend outdoor gatherings** that are not College-sponsored

Governor Lamont has also updated his travel advisory for Connecticut. Please read updates [here](#) and adhere to the governor's orders. All students should also review and abide by the current College travel policy here: [REVIEW TRAVEL POLICY](#)

Watch for updates about other restrictions related to the Red Alert. On-campus COVID-19 testing will continue at the tent outside of Yarnall on Mondays, Wednesdays and Thursdays through November 19.

With three weeks to go until we break for Thanksgiving, let's pull together to continue to keep our community healthy!
