

Student Outcomes / June 2021

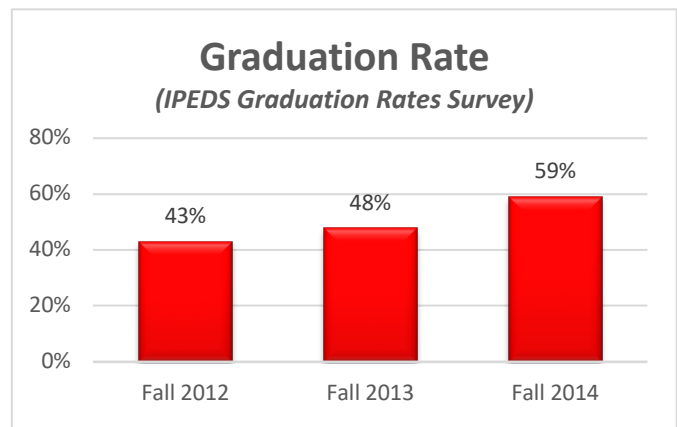

Mitchell College Retention

The Fall-to-Fall Retention Rate for Mitchell College is based upon an incoming bachelor's cohort of first-time, full-time, new freshmen students, and their subsequent return in Fall the next fall. *(IPEDS Fall Enrollment Survey)*

Graduation Rates (Student Right-to-Know-Act)

The federal government requires that all post-secondary institutions provide both prospective and current students with information concerning the performance of current students as an indicator of the likelihood of success. Further, the law requires that the information include the rate at which degree-seeking students who attend the institution on a full-time basis and are attending any college for the first time successfully complete the program. Completion of a program is defined by those who graduate within 150% of the time required by the program. For 2-year programs, this is 3 years; for 4-year programs, this is 6 years.

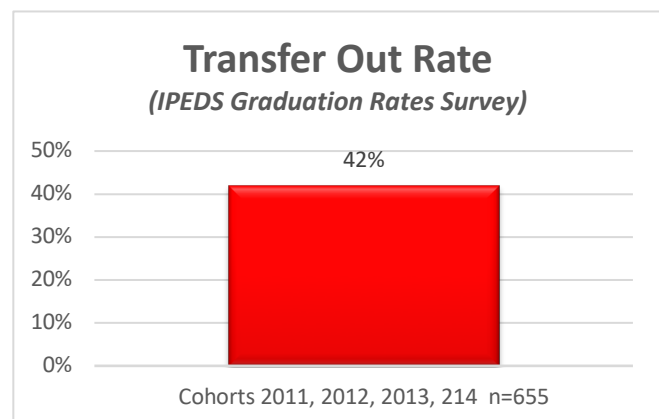

The Mitchell College graduation rate for full-time, first-time, degree seeking freshmen entering the institution in a fall cohort represents a “blended rate” which assigns those who receive both a two-year degree and a four-year degree, to the four-year degree seeking cohort. *(IPEDS Graduation Rates Survey)*

Transfer-out Rates (Student Right-to-Know Act)

The IPEDS Student Right-to-Know transfer out rate calculation is based on a 4-year average.

Transfer-Out and Graduation Rates for Students Receiving Athletically Related Student Aid (Student Right-to-Know Act)

This is not applicable to Mitchell College as the institution does not offer athletically related student aid.

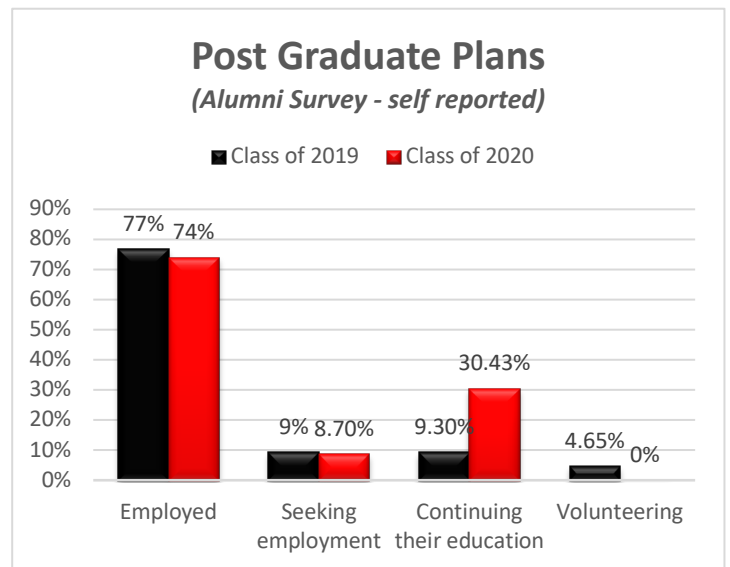

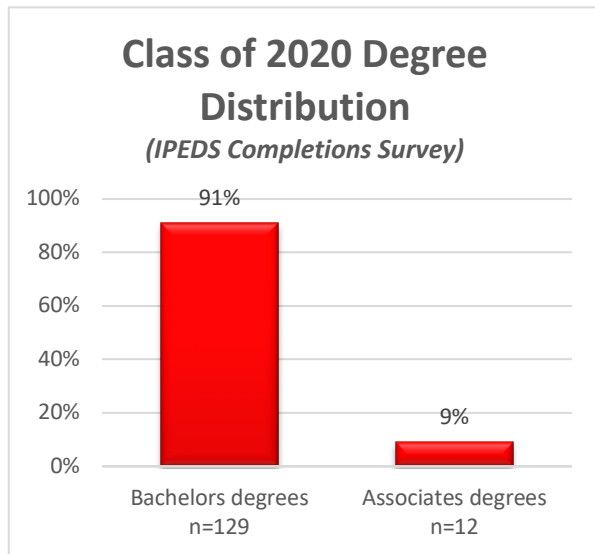

Student Outcomes / June 2021

Post Graduate Support

Mitchell College provides career services, such as resume writing, interview preparation and career education to current students and alumni. However, Mitchell College does not facilitate actual job placements; rather the focus is on providing services that will support students conducting job searches.
