## Update to Fall 2021 Vaccination Protocol

June 25, 2021

In preparation for a full in-person return this fall, **Mitchell College will require all students, both resident and commuter, to be fully vaccinated with the COVID-19 vaccine** prior to returning to campus. (Watch your inbox for details on how to share your proof of vaccination.)

Following [State of Connecticut COVID-19 guidelines](#):

- **Vaccinated students** may participate fully in the campus experience, with no requirements for face covering/mask-wearing, social distancing or testing. Fully vaccinated students **will not** be required to submit a negative COVID-19 test prior to returning.
- **Unvaccinated students** will be required to continue to wear a face covering/mask, social distance and be subject to COVID-19 testing. Unvaccinated students **will be** required to submit a negative COVID-19 test result to the CoVerified app prior to returning to campus.

Please direct requests for exemptions to the vaccine to [academicaffairs@mitchell.edu](mailto:academicaffairs@mitchell.edu). Requests will be reviewed on a case-by-case basis. Submission of a request does not mean that an exemption will be approved automatically.

To find a vaccination site near you, visit [vaccines.gov](https://www.vaccines.gov).

[Vaccines are safe and effective and crucial to helping return to pre-pandemic normalcy](#). Immunization against COVID-19 allows for increased on-campus activities this fall semester and, once the majority of the population is vaccinated, greatly reduces the risk of transmission.

**Classes begin August 30.** *You will reach full immunity two weeks after your final dose, so plan now to be fully vaccinated by the date of **your** arrival on campus:*
