

Welcome, Class of 2025!

We know you may be feeling nervous and/or excited to be joining a new community. You might be wondering how you will fit in, how you will know where to go and how you will make friends.

We are here to help you figure it out! You will learn as you go and you will learn as you grow!

You will love the freedom. You will love the independence. You will love taking the first steps toward your future.

Right now, though, we want you to enjoy your present — live in the moment. You are only a season away from starting your new life as a Mariner.

How do we know all of this? Because 1, 2, or 3 years ago we were all in the same boat as you.

Can't wait to meet you all!

Your Transition Mentors (TMs):

Mike, Cate, Alana, Isabel, Jess, Molly, Lexi, Sammie, Allison, Tommy, Alexia, and Sophia
