Dear Students and Parents/Guardians,

As we look forward to Thanksgiving Break (November 20-28), please be aware that **ALL students** – resident and commuter, **vaccinated** and **unvaccinated with exemption** – must provide a COVID-19 test result following the break. Faculty and staff will also be required to provide a test result. Session II begins on Monday, November 29.

A test must be completed using one of two options:

- **Option 1 – Recommended:** We encourage students to take a PCR test at a facility near their home (pharmacy, clinic, etc.) on **Saturday, November 27**. *Schedule now to ensure availability.* Test results should be uploaded by Monday, November 29, either through the CoVerified app or to covidresults@mitchell.edu. If you choose Option 1, but do not receive the results by Monday, November 29, please contact Abby Weymouth, RN, at healthservices@mitchell.edu to let her know that you have been tested but results are still pending.
- **Option 2:** You may test on campus for a \$35 convenience fee, which will be added to your tuition bill. PCR testing will take place on Monday, November 29, and Tuesday, November 30. **Students will be scheduled for testing with their Session II class.** Testing will take place in the Market Café. (*Note: Any students who are unvaccinated with an exemption will be contacted in a separate communication and will be required to test on Monday, November 29.*)

Thank you for your continued support as we all work together to keep each other safe and healthy through the remainder of the semester. If you have any questions, please contact CRTeam@mitchell.edu.

Happy Thanksgiving!
