Important Health & Safety Reminders

March 27, 2022

Important Update

Based on consistently low COVID-19 positivity rates on our campus and in our region, along with high vaccination rates among our Mitchell College community, new CDC guidance and changes to state masking requirements, **new face covering (mask) protocols are in place at Mitchell College.**

Effective **Monday, March 28, 2022**, face coverings (masks) **will be required** for:

- Classrooms
- Labs
- Indoor college events open to the public

Face coverings (masks) **will not be required** in other indoor spaces but may be worn as individual preference and/or at the discretion of participants in small or one-on-one meetings. ***Please continue to carry a face covering (mask) with you to accommodate and be respectful of special requests.***

As has been the case throughout the COVID-19 pandemic, Mitchell College may make changes in guidelines and policies in the future, including reinstating a mask mandate, based on the level of spread in the community and on campus.

Mitchell College reserves the right to request that students and staff wear face coverings (masks) for specific events. If requested, it is expected that students and staff comply.

Questions? Please contact CRTeam@mitchell.edu.

Thank you for your support and cooperation!
